

Government and Parliament – International Treaties and Citizens Initiated Referenda (CIR)

Australia is and must remain a sovereign and democratic Nation. Ultimate authority is vested in the people.

The government is an instrument whose duty it is to carry out the will of its people.

One Nation believes in:

- Provisions for CITIZEN INITIATED REFERENDA (CIR).
- Politicians are there to serve the people. Perks for retired politicians are to be discontinued. Superannuation in line with industry standards.
- Changing the Electoral Act to eliminate the ultimate favouring of the major parties.
- Elected politicians to serve full term or to be financially penalised.
- Disclosure of all donations over \$500 to political parties, to provide for accountability.
- Cancelling international treaty agreements which disadvantage Australia.
- Media ownership reduced to a maximum of 20%, to have more independent and non-biased reporting.
- Strict Separation of Powers as set out in the Constitution.
- Increasing the number of High Court judges to 9, judgment by 2/3 majority.
- High Court, Federal Court and Supreme Court judges to be appointed and dismissed by a joint sitting of the respective Parliaments by 2/3 majority.
- Where advantageous return Public Services and Public Utilities to the people.
- Establishing a Federal Bank, owned by the people.
- Supporting the Monarchical form of government.

One Nation also believes that sentencing must reflect the expectation of the people.

We are an over-regulated and controlled people. We will repeal much of the endless stream of regulations forced upon us by aloof bureaucrats and parliamentarians. We need solutions, not band-aid practices.
